

RAILROAD WORKERS DECIDE TO STRIKE OCT. 30

Missionary Conference Daily Grows In Interest

EFFICIENCY OF
MEN IN THE FIELD
IS EMPHASIZEDH. F. MICHAEL SPOKE OF THE
ADULT DEPARTMENT OF
SUNDAY SCHOOLNORTH DAKOTA MISSIONARIES
RELATE THEIR EXPERI-
ENCES IN FIELD

The devotional led by Rev. Fred Errington of the First Congregational church, gave the Missionary convention in session at the First Methodist church a vision of the power of prayer.

Rev. L. S. Stapf reviewed the church history, the need for devotion in the work since the God of the Old Testament was the same God of today. A very helpful discussion followed concerning the early workings of the church by Dr. W. W. Johnstone of Chicago.

The efficiency of the men on the field was emphasized by Dr. Williams, the National Secretary of Mission. "The most important feature in the missionary's life," said Dr. Williams, "is the missionary himself." And he urged them not only to cope with the situations of the day the men should apply themselves studiously to the task represented by their commission.

A very helpful paper was delivered by S. E. Gregg, of Littlefork, on "Our Evangelistic Effort." Many instances were related where the Sunday schools had been built up by revival and constructive revival work. A conference on periodicals and the value of literature as led by Dr. Pearce, the assistant editor, was very much appreciated and inspiring.

The afternoon service was begun by a paper on "Preparing Ourselves Mentally and Spiritually for Our Task," by Missionary Nasseeth of North Dakota. He emphasized two points, that they should read broadly and keep themselves in touch with the fountain head of spiritual supply.

This was followed with a message "The Peril of the Day," by Dr. Williams. In strong and certain tones he urged that the missionaries emphasize in their ministry and in their Christian lives the faith that they have and with a strong conviction of the power of the church they were to go on and daily meet the conditions that face them.

"The Missionary's Ideal for Himself and His Field" was ably discussed by Mr. Henwood, of Wadena, in which he said that his ideal for his field was a Sunday school well organized, that reached not only the children but the parents as well, and his ideal for himself was that he should live a life beyond reproach so that his field would have a vision of the Christ and a desire to cooperate with him in his work by the example of his daily conduct.

Dr. J. C. Shelland, Presbyterian pastor of Mizpah, gave a very touching illustration of the power of the Sunday school to bring the boys into the Kingdom.

The evening services consisted of the experiences of three missionaries in North Dakota, which emphasized the power of the Sunday school and the missionary to right conditions.

The main address of the evening was delivered by Dr. McLeod, of Philadelphia, on "America and the American Sunday School Union." His discourse was delivered to an increasing number of friends from the country and the city. The address was packed full of splendid illustrations of how God had always worked through human agencies to redeem the world and in a very able scholarly way he brought home to his hearers the fact that the rural Sunday school missionary was the salt of the earth, that he believed the salt had not lost its savor and that more and more the cities and towns are looking for just such work to bring to them a new attitude and a new vigor.

Friday morning the devotional was led by Rev. J. E. Cadwell, pastor of the Peoples Congregational church. A book review of Christian Doctrine, was read by Ira J. Foulk, of Guckeen.

Minn., then Dr. W. W. Johnstone, of Chicago, delivered a very helpful address on "Builders of Men," encouraging the hearts of the missionaries to believe that by their seed sowing they were building men for the future generation in the faith of our fathers.

H. F. Michael, local Sunday school superintendent, delivered an address on the adult department of the Sunday school. As always, Mr. Michael's address was full of helpful suggestions, not only for the adult but for all departments of the Sunday school.

Tonight will be designated as "Rural Night." The local missionary, Rev. Walter J. Smith has invited all of his Sunday schools in Crow Wing county to send delegates in to hear Dr. Williams, the Secretary of Missions.

On Sunday the missionaries will be heard in the local pulpits and also in the country school houses surrounding Brainerd.

District Superintendent Rev. John O. Ferris, reports that the conference is growing in interest and that it will no doubt be regarded as the best conference that the society has held in recent years. The general public are invited to all meetings.

Child Killed By Auto;
Third In Four Days

(By United Press)
St. Paul, Oct. 14.—The county coroner today was investigating the death of five-year-old Elizabeth Vandersloot, the third child to be killed by automobiles in St. Paul in four days. Sam Kaplin, 16, was driving the automobile which today fatally injured the little girl.

Police released Kaplin after an investigation but Coroner Ingerson ordered him held at the county jail. Witnesses said the child ran into the street after a stick and that the accident was unavoidable.

TWO KILLED WHEN
AIRPLANE FALLS

(By United Press)
Lynn, Mass., Oct. 14.—Edward Foster, 43, and Fletcher Anderson, 30, were killed here today when an airplane in which they were flying over the Lynn marshes crashed to earth. Anderson, a pilot for the Lynn aviation school, was taking Foster up for a course in flying.

The right wing of the machine crumpled when it was about 150 feet in the air. Anderson was dead when spectators reached the wreck. Foster died on the way to a hospital.

POLICEMAN SHOT
BY HOLDUP MEN

(By United Press)
Moorhead, Minn., Oct. 14.—Peter Ness, policeman, who was shot by two holdup men in the Penchot restaurant here last night, was in a serious condition today. His physician said his recovery was doubtful. A bullet lodged in his brain.

Police are working on a clue and said they hoped to arrest the guilty man today.

G. N. Officials To
Investigate Collision

(By United Press)
 Fargo, Oct. 14.—Officials of the Great Northern today were investigating a crash between the Oriental Limited and fast mail train near Selz, N. D., late Thursday. Neither train was moving fast and no one was injured. Engines of both trains were damaged and traffic was delayed more than twelve hours.

Aged Labor Leader Stricken

Milwaukee, Wis., Oct. 14.—Frank Weber, 87, business manager of the Federated Trade Council and dean of all labor union men in the middle west, was stricken at his desk today. His condition was growing worse and little hope is held out for his recovery. Several weeks ago because of failing health Weber wanted to resign his office which has held for approximately forty years.

WAR LABOR BOARD
REFUSES TO APPROVE
PIECE WORK BASISHANDS DOWN DECISION DECLAR-
ING MEN SHOULD WORK ON
HOURLY BASISSENIORITY RIGHTS UPHELD—MEN
SHOULD UNDERGO PHYSICAL
EXAMINATION AS TO FITNESS

(By United Press)
Chicago, Oct. 14.—Railroad shop workers today won a sweeping victory before the United States railroad labor board.

The board handed down a decision refusing to approve the petition of railroad executives that all shop workers be placed on a piece work basis instead of an hourly rate.

The Northwestern railroad acting with other lines had asked for abolishment of the present paying straight time for work in shops.

It had been one of the most bitter contests before the labor board. The board here declared the men should be paid on an hourly basis, and eight hours shall constitute a working day.

However, if carriers and employees agree that the work shall be paid on a piece work basis, it will not be a violation of the board's orders. The board upheld the railroad contention that shop workers should be forced to undergo a physical examination to determine whether or not they were fit to do the work. This has also been bitterly contested between railroads and unions.

The seniority rights of the employees must be upheld, the board announced, except in cases where they have left one kind of work on their own request and engaged in another class of labor with the same company.

AGRICULTURAL
PROGRAM FOR
MINN. DRAFTEDFARMERS OF STATE WILL BE
ASKED TO MEET IN JANUARY
TO RATIFY OR REJECT

(By United Press)
St. Paul, Oct. 14.—Farmers of the state will be asked to meet here in January to accept or reject an agricultural program for Minnesota now being drafted.

A committee from the state department of agriculture, the state college of agriculture, the extension service of the University of Minnesota and the Minnesota farm bureau federation began work on the program today.

They will seek a basis for development of agricultural resources during 1922. Delegates elected by all county farm bureaus of the state will be asked to meet here January 3, 4 and 5 to ratify or revise the program.

Transportation, agriculture, finance, taxation and cooperative marketing will be the most important subjects the committee will study. The Minnesota farm bureau federation, according to L. E. Potter, president, is considering a state farm credit corporation and he has appointed a special committee to investigate the plan.

J. G. Nordby of Fergus Falls and W. H. Gold of Redwood Falls, represent county bankers on the committee. V. E. Anderson of the executive board of state bureaus, F. W. Peck of the University and Thomas E. Cashman, also of the executive board, represent the farmers.

Frank Murphy Seriously Ill

Rochester, Minn., Oct. 14.—Frank Murphy, of Wheaton, former president of the Minnesota state fair board, who is seriously ill at a hospital here, showed little improvement today. His physician said his condition was "just favorable." Ulcers of the stomach is said to be the cause of his illness.

DOUBTFUL IF KLAN
WILL BE INVESTIGATED

(By United Press)
Washington, Oct. 14.—Doubt that a congressional investigation of the Ku Klux Klan would be ordered was expressed today when the house rules committee convened to resume cross examination of Col. Wm. Joseph Simmons, Atlanta imperial wizard of the Klan. Supporters of the movement to have congress delve into the affairs and activities of the Klan made a final effort to prove:

1. That the Klan used the mails to defraud.
2. That the Klan had committed overt acts against individuals and incited riots.
3. That the Klan had knowingly evaded income tax payments to the government.

Members of the Simmons party and friends who had assisted in the investigation of the Klan expressed the belief that evidence presented thus far did not contain the foundation for a probe by congress.

Simmons, who collapsed late yesterday, causing postponement of the hearing, admitted that his organization had not paid income taxes. He explained that \$10 paid by each member when they joined, is a donation, and is so designed in all records. When the income tax law was enacted he said he conferred with internal revenue collectors at Atlanta and was told his organization was not subject to the act.

"If you gentlemen find we are obligated to the government under this law, we will pay it if it takes our last dollar," he cried.

At another point in his remarks he said he would destroy the Ku Klux Klan if the organization was not fit to live.

Simmons Unable to Testify
Washington, October 14.—Imperial Wizard Wm. Simmons was unable to resume the stand today before the house rules committee inquiry into the Ku Klux Klan.

His physician said he was suffering from a severe attack of laryngitis and was confined to his bed. Simmons probably will not be able to appear before the committee until Monday.

JOHN D. ROCKEFELLER
GETS GENEROUS

(By United Press)
Tarrytown, N. Y., Oct. 14.—John D. Rockefeller grew so enthusiastic over the singing of a little girl on a ferry boat crossing the Hudson river today that he ducked down into his pockets and presented her with two bright new ten cent pieces.

Rockefeller was sitting in his automobile crossing from New York to Tarrytown. He applauded when the girl finished singing to accompaniment of boat music. He gave the dimes to his chauffeur to be given to the girl with his compliments.

AGED MINNESOTA
EDITOR DIES

(By United Press)
Minneapolis, Oct. 14.—Irving Todd, 80, editor of the Hastings Gazette, died at a sanatorium here late Thursday. He had been receiving treatment for erysipelas for the last month. This coupled with his advanced age caused death.

Irving Todd had been on the editorial force of the Hastings Gazette for sixty years and was dean of Minnesota editors. He is survived by a son, Irving Todd, Jr. who has been associated with his father as publisher of the Gazette. A daughter, Mrs. J. H. Plum, of Minneapolis, also survives him.

Carfare and Interest.

The story goes that Johns Hopkins, the founder of the university that bears his name, was accustomed even when of venerable years and more or less infirm of body to walk to his office. Questioned by a friend as to why he did this, he replied: "I never forget that a carfare represents an entire year's interest on a dollar. The interest on a dollar is worth saving."

FIGHT IN NORTH DA-
KOTA TURNS FROM
MEN TO MEASURESNONPARTISANS SAY IF THEIR
PROGRAM IS DEFEATED IT
DOESN'T MATTER WHO IS
ELECTED

(By United Press)
 Fargo, N. D., Oct. 14.—The fight in North Dakota today turned from men to measures. Nonpartisans said if their program is defeated in the special recall election, October 28, it makes little difference whether Governor Lynn Frazier and other state officials are re-elected.

Independents initiated measures in their constitutional amendments in connection with the recall election designed to block the Nonpartisan industrial program. These measures were initiated along with petitions to recall Governor Frazier, Attorney General Wm. Lemke, and Commissioner of Agriculture and Labor John N. Hagen.

If the measure wins we are defeated, it was stated at Nonpartisan headquarters.

The trio of state officials against whom the re-election is directed, comprise the state industrial commission which has direct control of the industrial program, including the state bank of North Dakota, the state owned mill and elevator projects and home building and loan association.

Independents seek to take these projects with all control from the trio of men, and convert the purpose of the state owned bank. At the same time they are seeking to elect independents to those offices. The independent candidates are R. A. Nestos for governor, Nestos Johnson for attorney general, and Wm. Kitchin for commissioner.

MINNESOTA WINS
GUERNSEY AWARD
HERD COMPETITIONAT THE NATIONAL DAIRY SHOW—
FIRST TIME MINNESOTA WINS
FIRST PLACE IN 15 CONTESTS

(By United Press)
St. Paul, Oct. 14.—Minnesota has the finest Guernsey cattle in America. This was proven today at the national dairy show when the state won the Guernsey award in the state herd competition.

The first prize was a ribbon and \$500. This was the first time in fifteen state herd Guernsey contests at the national dairy show that Minnesota captured the first honors. Last year Iowa was first, Wisconsin second and Minnesota third.

Other states that finished and won prizes at the show now being held at the state fair grounds were: Wisconsin second, \$300. Iowa third, \$250. Illinois fourth, \$200. Maryland fifth, \$150. Michigan sixth, \$100.

Owners of the winning Minnesota Guernseys are D. D. Teaney of Crystal Bay; E. R. Frissell of Hopkins; L. E. Hageman and Sons, Hastings; The University of Minnesota; R. L. Bruer, Osakis, and Raddison Farm, Anoka.

The only other cattle breeds qualifying for state herd competition were Jersey and Holstein. Results in these classes will be announced later today.

STATE OWNED MILL
FORMALLY OPENED

(By United Press)
Minneapolis, Oct. 14.—The state owned flour mill here was formally opened for business today. State officials were speakers at the ceremony. N. J. Holmberg, commissioner of agriculture, conducted officials on a tour of the plant.

THE NEWBERRY CASE
MUST NOT BE DROPPED

(By United Press)
Washington, Oct. 14.—The Newberry case must not be dropped. This was the notice served today on administration leaders in the senate by a number of progressive republicans, who said they had information indicating that the party leaders counted the Michigan election case closed.

The progressives, Kenyon, Norris, Johnson and La Follette and some others, intend to join with the democrats if necessary to force action in the open senate upon the report filed by the committee investigating charges that Newberry spent too much money in getting elected in 1918.

Republican leaders have virtually informed Newberry that the sweeping exoneration in the majority report of the committee is about all he might expect in the way of action for a long time at any rate.

PRES. HARDING'S LETTER
DAMPENS ENTHUSIASM
SAYS SENATOR BORAH

(By United Press)
Washington, Oct. 14.—President Harding's letter declaring disarmament out of the question is an unfortunate attempt to dampen the nation's enthusiasm on the coming international conference, Senator Borah said today.

Borah, author of the original disarmament resolution in the senate, declared that men were sent to prison during the war for unfavorable utterances.

"This conference is more important in some ways than the war," said Borah, "and people should not be led to expect little or nothing of it."

Open Door Covenant
For Far East Desired

(By United Press)
Washington, Oct. 14.—A solemn engagement between the world powers guaranteeing for all time the "open door" in the far east probably will be worked out by the forthcoming Washington arms conference, it was announced today in authoritative quarters.

While the American delegation to the conference is not believed to have any intention of presenting a plan for such a covenant during the early stages of the parley, it was understood this government would like to see the "open door covenant" result.

Gibbons-O'Dowd
Match is Illegal—
Will Be Prevented

(By United Press)
Wichita, Kan., Oct. 14.—The Gibbons-O'Dowd boxing match here October 18 heralded as a virtual light weight champion contest, appears to be a violation of the state anti-boxing law, and must not be held in Wichita. Richard J. Hopkins, state attorney general, decided today.

"The facts," said Hopkins, "are such as to convince me that the match is a scheme to evade the law. It will be prevented if possible and I think it is possible."

Boys Better Morally
In Chicago Than Girls

(By United Press)
Chicago, Oct. 14.—Boys are now the little "angel children" of mothers. Boys are better morally than the girls, in Chicago at least, James L. Moss, chief of probation, told the United Press today.

Girls are not only worse than boys, but the girls are showing no improvement while the boys are gradually raising their moral standing. Moss said.

Last year there were fewer boys brought into juvenile court than in previous years while the number of girl delinquents increased.

UNLESS EMPLOYERS
RE-OPEN QUESTION
WAGES-CONDITIONSWHILE RAILROAD EXECUTIVES
PROCEED WITH PLANS TO
SLASH WAGES MOREALL LINES WILL NOT BE CALLED
OUT AT ONCE ACCORDING
TO PLANS

(By United Press)
Chicago, Oct. 14.—Railroad workers hurried their ultimatum at their employers today by deciding to strike October 30 unless negotiations for wages and working conditions were re-opened.

Railroad executives who met here today defied the most powerful labor unions in the nation by proceeding with plans to slash wages in face of a strike.

The decision to strike was reached by heads of the railroad brotherhoods early today following days of conferences.

According to the plans mapped out by union heads, men of all lines will not be called out at once. The nation's transportation system has been divided into ten groups for striking purposes.

Workers on the roads comprising one group, must be called out first. Then if the management refuses to confer with the men in view of bettering wages and working conditions the next group will be called out and so on down the line until every one of the two million workers have deserted their posts and tied up the nation's transportation system.

The big brotherhoods have the backing of the federated shop crofts, who are affiliated with the railroad department of the American Federation of Labor.

The shop men, of which Bert M. Jewel is president, were the first to vote overwhelmingly in favor of a strike, but held up their decision pending action of the brotherhoods.

All union men will act together in the crisis, it was been decided by leaders.

The strike vote was taken in protest against the twelve per cent cut in wages which took place on July 1 on order of the U. S. railroad labor board.

Since then however several men high in the council of unionism have stated they would not use their powerful club unless another attempt was made to cut wages. Things moved rapidly to a head following news that was given out by the unemployment conference in Washington that leaders in the parley favor a reduction in wages so that freight rates may be slashed in an effort to stimulate stagnant business conditions.

Union Chiefs Ask For Conference

Chicago, Oct. 14.—Railroad union chiefs carrying a strike vote in their pockets today asked railroad executives meeting here for a conference to discuss the wage scale and employment conditions.

Warren S. Stone, acting on behalf of the union heads, sent a letter to the railroad executives meeting at the Blackstone hotel, asking that a joint meeting be arranged. The executives informed Stone that his proposal would be taken up at the executive meeting called to discuss further wage reductions for the men in order to allow rate reductions.

In the meantime the union chiefs were in session in the Great Northern hotel completing plans for a strike called to start October 30.

EXTREME SIMPLICITY
MARK KNOX OBSEQUIES

(By United Press)
Washington, Oct. 14.—Extreme simplicity marked the funeral services here today for Senator Philander C. Knox of Pennsylvania.

The Episcopal prayer for the dead was read by Bishop Alfred Harding. From the organ came the said strain of Chopin's funeral march and the services were concluded.

President and Mrs. Harding with other high officials of Washington attended.

RAILROAD WORKERS DECIDE TO STRIKE OCT. 30

Missionary Conference Daily Grows In Interest

EFFICIENCY OF MEN IN THE FIELD IS EMPHASIZED

H. F. MICHAEL SPOKE OF THE ADULT DEPARTMENT OF SUNDAY SCHOOL

NORTH DAKOTA MISSIONARIES RELATE THEIR EXPERIENCES IN FIELD

The devotion of the men on the field was emphasized by Rev. Fred Errington of the First Congregational church, gave the Missionary convention in session at the First Methodist church a vision of the power of prayer.

Rev. L. S. Stapf reviewed the church history, the need for devotion in the work since the God of the Old Testament was the same God of today. A very helpful discussion followed concerning the early workings of the church by Dr. W. W. Johnstone of Chicago.

The efficiency of the men on the field was emphasized by Dr. Williams, the National Secretary of Mission. "The most important feature in the missionary's life," said Dr. Williams, "is the missionary himself." And he urged them not only to cope with the situations of the day but to apply themselves studiously to the task represented by their commission.

A very helpful paper was delivered by S. E. Gregg, of Littlefork, on "Our Evangelistic Effort." Many instances were related where the Sunday schools had been built up by revivals and constructive revival work. A conference on periodicals and the value of literature as led by Dr. Pearce, the assistant editor, was very much appreciated and inspiring.

The afternoon service was begun by a paper on "Preparing Ourselves Mentally and Spiritually for Our Task," by Missionary Naseth of No. Dakota. He emphasized two points, that they should read broadly and keep themselves in touch with the fountain head of spiritual supply.

This was followed with a message "The Peril of the Day," by Dr. Williams. In strong and certain tones he urged that the missionaries emphasize in their ministry and in their Christian lives the faith that they have and with a strong conviction of the power of the church they were to go on and daily meet the conditions that face them.

"The Missionary's Ideal for Himself and His Field" was ably discussed by Mr. Henwood, of Wadena, in which he said that his ideal for his field was a Sunday school well organized, that reached not only the children but the parents as well, and his ideal for himself was that he should live a life beyond reproach so that his field would have a vision of the Christ and a desire to cooperate with him in his work by the example of his daily contact.

Dr. J. C. Shelland, Presbyterian pastor of Mizpah, gave a very touching illustration of the power of the Sunday school to bring the boys into the Kingdom.

The evening services consisted of the experiences of three missionaries in North Dakota, which emphasized the power of the Sunday school and the missionary to right conditions.

The main address of the evening was delivered by Dr. McLeod, of Philadelphia, on "America and the American Sunday School Union." His discourse was delivered to an increasing number of friends from the country and the city. The address was packed full of splendid illustrations of how God had always worked through human agencies to redeem the world and in a very able scholarly way he brought home to his hearers the fact that the rural Sunday school missionary was the salt of the earth, that he believed the salt had not lost its savor and that more and more the cities and towns are looking for just such work to bring to them a new attitude and a new vigor.

Friday morning the devotion was led by Rev. J. E. Cadwell, pastor of the Peoples Congregational church. A book review of Christian Doctrine was read by Ira J. Foulk, of Guckeen, Minn., then Dr. W. W. Johnstone, of Chicago, delivered a very helpful address on "Builders of Men," encouraging the hearts of the missionaries to believe that by their seed sowing they were building men for the future generation in the faith of our fathers.

H. F. Michael, local Sunday school superintendent, delivered an address on the adult department of the Sunday school. As always, Mr. Michael's address was full of helpful suggestions, not only for the adult but for all departments of the Sunday school.

Tonight will be designated as "Rural Night." The local missionary, Rev. Walter J. Smith has invited all of his Sunday schools in Crow Wing county to send delegates in to hear Dr. Williams, the Secretary of Missions.

On Sunday the missionaries will be heard in the local pulpits and also in the country school houses surrounding Brainerd.

District Superintendent Rev. John O. Ferris, reports that the conference is growing in interest and that it will no doubt be regarded as the best conference that the society has held in recent years. The general public are invited to all meetings.

Child Killed By Auto; Third In Four Days

(By United Press)
St. Paul, Oct. 14.—The county coroner today was investigating the death of five-year-old Elizabeth Vandersloot, the third child to be killed by automobiles in St. Paul in four days. Sam Kaplin, 16, was driving the automobile which today fatally injured the little girl.

Police released Kaplin after an investigation but Coroner Ingerson ordered him held at the county jail. Witnesses said the child ran into the street after a stick and that the accident was unavoidable.

TWO KILLED WHEN AIRPLANE FALLS

(By United Press)
Lynn, Mass., Oct. 14.—Edward Foster, 43, and Fletcher Anderson, 30, were killed here today when an airplane in which they were flying over the Lynn marshes crashed to earth. Anderson, a pilot for the Lynn aviation school, was taking Foster up for a course in flying.

The right wing of the machine crumpled when it was about 150 feet in the air. Anderson was dead when spectators reached the wreck. Foster died on the way to a hospital.

POLICEMAN SHOT BY HOLDUP MEN

(By United Press)
Moorhead, Minn., Oct. 14.—Peter Ness, policeman, who was shot by two holdup men in the Penchot restaurant here last night, was in a serious condition today. His physician said his recovery was doubtful. A bullet lodged in his brain.

Police are working on a clue and said they hoped to arrest the guilty man today.

G. N. Officials To Investigate Collision

(By United Press)
Fargo, Oct. 14.—Officials of the Great Northern today were investigating a crash between the Oriental Limited and fast mail train near Selz, N. D., late Thursday. Neither train was moving fast and no one was injured. Engines of both trains were damaged and traffic was delayed more than twelve hours.

Aged Labor Leader Stricken

Milwaukee, Wis., Oct. 14.—Frank Weber, 87, business manager of the Federated Trade Council and dean of all labor union men in the middle west, was stricken at his desk today. His condition was growing worse and little hope is held out for his recovery. Several weeks ago because of failing health Weber wanted to resign his office which has held for approximately forty years.

WAR LABOR BOARD REFUSES TO APPROVE PIECE WORK BASIS

HANDS DOWN DECISION DECLARING MEN SHOULD WORK ON HOURLY BASIS

SENIORITY RIGHTS UPHOLD—MEN SHOULD UNDERGO PHYSICAL EXAMINATION AS TO FITNESS

(By United Press)
Chicago, Oct. 14.—Railroad shop workers today won a sweeping victory before the United States railroad labor board.

The board handed down a decision refusing to approve the petition of railroad executives that all shop workers be placed on a piece work basis instead of an hourly rate.

The Northwestern railroad acting with other lines had asked for abolishment of the present paying straight time for work in shops.

It had been one of the most bitter contests before the labor board. The board here declared the men should be paid on an hourly basis, and eight hours shall constitute a working day.

However, if carriers and employees agree that the work shall be paid on a piece work basis, it will not be a violation of the board's orders. The board upheld the railroad contention that shop workers should be forced to undergo a physical examination to determine whether or not they were fit to do the work. This has also been bitterly contested between railroads and unions.

The seniority rights of the employees must be upheld, the board announced, except in cases where they have left one kind of work on their own request and engaged in another class of labor with the same company.

AGRICULTURAL PROGRAM FOR MINN. DRAFTED

FARMERS OF STATE WILL BE ASKED TO MEET IN JANUARY TO RATIFY OR REJECT

(By United Press)
St. Paul, Oct. 14.—Farmers of the state will be asked to meet here in January to accept or reject an agricultural program for Minnesota now being drafted.

A committee from the state department of agriculture, the state college of agriculture, the extension service of the University of Minnesota and the Minnesota farm bureau federation began work on the program today.

They will seek a basis for development of agricultural resources during 1922. Delegates elected by all county farm bureaus of the state will be asked to meet here January 3, 4 and 5 to ratify or revise the program.

Transportation, agriculture, finance, taxation and cooperative marketing will be the most important subjects the committee will study.

The Minnesota farm bureau federation, according to L. E. Potter, president, is considering a state farm credit corporation and he has appointed a special committee to investigate the plan.

J. G. Nordby of Fergus Falls and W. H. Gold of Redwood Falls, represent county bankers on the committee. V. E. Anderson of the executive board of state bureaus, F. W. Peck of the University and Thomas E. Cashman, also of the executive board, represent the farmers.

Frank Murphy Seriously Ill

Rochester, Minn., Oct. 14.—Frank Murphy, of Wheaton, former president of the Minnesota state fair board, who is seriously ill at a hospital here, showed little improvement today. His physician said his condition was "just favorable." Ulcers of the stomach is said to be the cause of his illness.

DOUBTFUL IF KLAN WILL BE INVESTIGATED

(By United Press)
Washington, Oct. 14.—Doubt that a congressional investigation of the Ku Klux Klan would be ordered was expressed today when the house rules committee convened to resume cross examination of Col. Wm. Joseph Simmons, Atlanta imperial wizard of the Klan. Supporters of the movement to have congress delve into the affairs and activities of the Klan made a final effort to prove:

1. That the Klan used the mails to defraud.
2. That the Klan had committed overt acts against individuals and incited riots.
3. That the Klan had knowingly evaded income tax payments to the government.

Members of the Simmons party and friends who had assisted in the investigation of the Klan expressed the belief that evidence presented thus far did not contain the foundation for a probe by congress.

Simmons, who collapsed late yesterday, causing postponement of the hearing, admitted that his organization had not paid income taxes. He explained that \$10 paid by each member when they joined, is a donation, and is so designed in all records. When the income tax law was enacted he said he conferred with internal revenue collectors at Atlanta and was told his organization was not subject to the act.

"If you gentlemen find we are obligated to the government under this law, we will pay it if it takes our last dollar," he cried.

At another point in his remarks he said he would destroy the Ku Klux Klan if the organization was not fit to live.

MINNESOTA WINS GUERNSEY AWARD HERD COMPETITION

AT THE NATIONAL DAIRY SHOW—FIRST TIME MINNESOTA WINS FIRST PLACE IN 15 CONTESTS

(By United Press)
St. Paul, Oct. 14.—Minnesota has the finest Guernsey cattle in America.

This was proven today at the national dairy show when the state won the Guernsey award in the state herd competition.

The first prize was a ribbon and \$500. This was the first time in fifteen state herd Guernsey contests at the national dairy show that Minnesota captured the first honors. Last year Iowa was first, Wisconsin second and Minnesota third.

Other states that finished and won prizes at the show now being held at the state fair grounds were: Wisconsin second, \$300. Iowa third, \$250. Illinois fourth, \$200. Maryland fifth, \$150. Michigan sixth, \$100.

Owners of the winning Minnesota Guernseys are D. D. Teaney of Crystal Bay; E. R. Frissell of Hopkins; L. E. Hageman and Sons, Hastings; The University of Minnesota; R. L. Bruer, Osakis, and Raddison Farm, Anoka.

The only other cattle breeds qualifying for state herd competition were Jersey and Holstein. Results in these classes will be announced later today.

STATE OWNED MILL FORMALLY OPENED

(By United Press)
Minneapolis, Oct. 14.—The state owned flour mill here was formally opened for business today. State officials were speakers at the ceremony. N. J. Holmberg, commissioner of agriculture, conducted officials on a tour of the plant.

FIGHT IN NORTH DAKOTA TURNS FROM MEN TO MEASURES

NONPARTISANS SAY IF THEIR PROGRAM IS DEFEATED IT DOESN'T MATTER WHO IS ELECTED

(By United Press)
Fargo, N. D., Oct. 14.—The fight in North Dakota today turned from men to measures. Nonpartisans said if their program is defeated in the special recall election, October 28, it makes little difference whether Governor Lynn Frazier and other state officials are re-elected.

Independents initiated measures in their constitutional amendments in connection with the recall election designed to block the Nonpartisan industrial program. These measures were initiated along with petitions to recall Governor Frazier, Attorney General Wm. Lemke, and Commissioner of Agriculture and Labor John N. Hagen.

If the measure wins we are defeated, it was stated at Nonpartisan headquarters.

The trio of state officials against whom the re-election is directed, comprise the state industrial commission which has direct control of the industrial program, including the state bank of North Dakota, the state owned mill and elevator projects and home building and loan association.

Independents seek to take these projects with all control from the trio of men, and convert the purpose of the state owned bank. At the same time they are seeking to elect independents to those offices. The independent candidates are R. A. Nestos for governor, Nestos Johnson for attorney general, and Wm. Kitchin for commissioner.

THE NEWBERRY CASE MUST NOT BE DROPPED

(By United Press)
Washington, Oct. 14.—The Newberry case must not be dropped. This was the notice served today on administration leaders in the senate by a number of progressive republicans, who said they had information indicating that the party leaders counted the Michigan election case closed.

The progressives, Kenyon, Norris, Johnson and La Follette and some others, intend to join with the democrats if necessary to force action in the open senate upon the report filed by the committee investigating charges that Newberry spent too much money in getting elected in 1918.

Republican leaders have virtually informed Newberry that the sweeping exoneration in the majority report of the committee is about all he might expect in the way of action for a long time at any rate.

PRES. HARDING'S LETTER DAMPENS ENTHUSIASM SAYS SENATOR BORAH

(By United Press)
Washington, Oct. 14.—President Harding's letter declaring disarmament out of the question is an unfortunate attempt to dampen the nation's enthusiasm on the coming international conference, Senator Borah said today.

Borah, author of the original disarmament resolution in the senate, declared that men were sent to prison during the war for disfavorable utterances.

"This conference is more important in some ways than the war," said Borah, "and people should not be led to expect little or nothing of it."

Open Door Covenant For Far East Desired

(By United Press)
Washington, Oct. 14.—A solemn engagement between the world powers guaranteeing for all time the "open door" in the far east probably will be worked out by the forthcoming Washington arms conference, it was announced today in authoritative quarters.

While the American delegation to the conference is not believed to have any intention of presenting a plan for such a covenant during the early stages of the parley, it was understood this government would like to see the "open door covenant" result.

Gibbons-O'Dowd Match Is Illegal—Will Be Prevented

(By United Press)
Wichita, Kan., Oct. 14.—The Gibbons-O'Dowd boxing match here October 18 heralded as a virtual light weight champion contest, appears to be a violation of the state anti-boxing law, and must not be held in Wichita.

Richard J. Hopkins, state attorney general, decided today. "The facts," said Hopkins, "are such as to convince me that the match is a scheme to evade the law. It will be prevented if possible and I think it is possible."

Boys Better Morally In Chicago Than Girls

(By United Press)
Chicago, Oct. 14.—Boys are now the little "angel children" of mothers. Boys are better morally than the girls, in Chicago at least, James L. Moss, chief of probation, told the United Press today.

Girls are not only worse than boys, but the girls are showing no improvement while the boys are gradually raising their moral standing, Moss said.

Last year there were fewer boys brought into juvenile court than in previous years while the number of girl delinquents increased.

UNLESS EMPLOYERS RE-OPEN QUESTION WAGES-CONDITIONS

WHILE RAILROAD EXECUTIVES PROCEED WITH PLANS TO SLASH WAGES MORE

ALL LINES WILL NOT BE CALLED OUT AT ONCE ACCORDING TO PLANS

(By United Press)
Chicago, Oct. 14.—Railroad workers hurled their ultimatum at their employers today by deciding to strike October 30 unless negotiations for wages and working conditions were re-opened.

Railroad executives who met here today defied the most powerful labor unions in the nation by proceeding with plans to slash wages in face of a strike.

The decision to strike was reached by heads of the railroad brotherhoods early today following days of conferences.

According to the plans mapped out by union heads, men of all lines will not be called out at once. The nation's transportation system has been divided into ten groups for striking purposes.

Workers on the roads comprising one group, must be called out first. Then if the management refuses to confer with the men in view of bettering wages and working conditions the next group will be called out and so on down the line until every one of the two million workers have deserted their posts and tied up the nation's transportation system.

The big brotherhoods have the backing of the federated shop crafts, who are affiliated with the railroad department of the American Federation of Labor.

The shop men, of which Bert M. Jewel is president, were the first to vote overwhelmingly in favor of a strike, but held up their decision pending action of the brotherhoods.

All union men will act together in the crisis, it was decided by leaders.

The strike vote was taken in protest against the twelve per cent cut in wages which took place on July 1 on order of the U. S. railroad labor board.

Since then however several men high in the council of unionism have stated they would not use their powerful club unless another attempt was made to cut wages. Things moved rapidly to a head following news that was given out by the unemployment conference in Washington that leaders in the parley favor a reduction in wages so that freight rates may be slashed in an effort to stimulate stagnant business conditions.

Union Chiefs Ask For Conference

Chicago, Oct. 14.—Railroad union chiefs carrying a strike vote in their pockets today asked railroad executives meeting here for a conference to discuss the wage scale and employment conditions.

Warren S. Stone, acting on behalf of the union heads, sent a letter to the railroad executives meeting at the Blackstone hotel, asking that a joint meeting be arranged. The executives informed Stone that his proposal would be taken up at the executive meeting called to discuss further wage reductions for the men in order to allow rate reductions.

In the meantime the union chiefs were in session in the Great Northern hotel completing plans for a strike called to start October 30.

EXTREME SIMPLICITY MARK KNOX OBSEQUIES

(By United Press)
Washington, Oct. 14.—Extreme simplicity marked the funeral services here today for Senator Philander C. Knox of Pennsylvania.

The Episcopal prayer for the dead was read by Bishop Alfred Harding. From the organ came the sad strain of Chopin's funeral march and the services were concluded.

President and Mrs. Harding with other high officials of Washington attended.

swat feat of 13 to 5, the third game of the series.

Frank Swanson of Pillager, one of the directors of the Northwestern Hospital and Surgical Association, was in the city and with Dr. Joseph Nicholson, an officer of the association, viewed the progress made in building the new brick hospital unit. The latter is being pushed to completion and full advantage is being taken of the fine building weather.

The Womens' Guild of the Episcopal church will serve supper at Elks hall in the Citizens State bank building Saturday evening, Oct. 15, from 5 to 7 o'clock. Price 50c. The menu includes hot roast beef, mashed potatoes and gravy, cabbage salad, pie, cheese and coffee. 11312

Mrs. M. O. Grangaard of Minneapolis, is here visiting at the home of her brother, Theo. B. Brusegaard. The Grangaards have just recently returned to Minneapolis from Rogers, N. D., on account of the appointment of Mr. Grangaard to the secretaryship of the War Finance Corporation Agricultural Loan Board. Mrs. Grangaard and Mrs. Brusegaard motored to Hill City Friday afternoon.

BRAINERD'S OLDEST STORIES OF TODAY

Brainerd banks are proverbial for their courtesy and attention to their depositors and other friends. The high water point was reached yesterday when Rev. Eloff G. Carlson was seen wheeling his baby down town. When he came to the Dispatch office he was minus the baby.

"Where's your little one?" asked the Dispatch man.

"Over at the bank", said the Reverend.

And that was true, for he had left baby in charge of a girl clerk at the Commercial State bank of Brainerd.

Corncob Has Real Value.

The lowly corncob can be made into many useful articles, due to a set of discoveries made in the bureau of chemistry of the Department of Agriculture. After a high-grade adhesive is removed, pure cellulose, a very good quality of paper, and valuable lime products are recovered from the residue.

AGREEMENT REACHED FOR HANDLING GRAIN

(By United Press.)

St. Paul, Oct. 14.—An agreement was reached today on a contract for handling grain of the United States Grain Growers corporation through the Equity Exchange.

The contract was to be signed late today by national officials of the grain growers and a special committee representing the exchange.

The agreement was reached following yesterday's conference during which rumors of disruption were frequent.

The agreement provides for one system instead of two systems covering an original contract. In the new contract no mention was made of the grain growers eventually taking over the facilities of the Equity Exchange.

No agreement has been reached between the farm bureau federation and the grain growers. It was thought probable an agreement might be reached later however. The federation objected to provisions of the original contract some of which were changed.

Decided Improvement in Industrial Situation

(By United Press.)

Washington, Oct. 14.—"A decided improvement in the industrial situation generally as compared with the summer period is noted," the United States Chamber of Commerce announced today.

A number of southern cities report unemployment wiped out as a result of the recent rise in cotton prices, while 119 local chambers in thirty-five states report definite steps taken to relieve unemployment.

Following the emergency program mapped out by the national unemployment conference a general movement of pushing public work by "splitting time" in factories is under way, the report indicated.

JAPAN WOULD MEDIATE SHANTUNG CONTROVERSY

(By United Press.)

Washington, Oct. 14.—Japan has approached the United States to mediate the Shantung controversy with China, it was announced today.

Minnesota Forty Years Ago

Its whole population 780,000, not much larger than the present population of the Twin Cities. Not a tenth of the present mileage of railroads. Only a ten year start toward becoming the greatest milling center of the world. Vermillion and Mesabi iron ranges not yet opened up. Logging and lumbering the chief industries. Indian raids becoming fewer throughout state.

For forty years this sound bank has helped the development of Brainerd and Crow Wing county to keep pace with the rest of Minnesota. And now it can do more than ever for every man or woman who banks here.

NEW RURAL ROUTE IS APPLIED FOR

To Begin at End of Route No. 3 and
Pass Over the Dykeman Country
and Platte Lake

ENTIRE CIRCLE IS 31 MILES

Postal Inspector in City Thursday Examines Route, Will be No. 6 if Granted

Farmers of the Dykeman and Platte Lake country have made application for a rural route to serve their district and the government had a postal inspector in Brainerd and over the proposed route on Thursday.

The proposed route begins at the end of Route No. 3 and continues thence over Dykeman and Platte Lake country, the entire circle measuring 31 miles. It will serve a prosperous community supplied with well kept roads and will be a much appreciated convenience if granted by the department.

It may take some three months before anything definite is heard from the postal department as to whether the application has been favorably acted on or not.

Brainerd at present has five routes radiating from the local postoffice as follows:

Route No. 1, Thirteenth street serving about 150 people.

Route No. 2, Oak street, serving about 125 people.

Route No. 3, extending south on Sixth street, east past the Echo store farm to South Long lake and serving about 135 people.

Route No. 4, west to Sylvan and South, serving about 95 people.

Route No. 5, Gull Lake, Hubert Nisswa, etc., serving about 116 people.

Routes Checked Up

The five routes named are being checked up and statistics gained for the benefit of the postal department. This includes length of route, number of families served, number of boxes, is the schedule observed the best practical and is it satisfactory to patrons, changes recommended, condition of boxes on the routes, any deviations in the route, condition of roads, portions needing repairs, etc.

Checking Carriers

Rural carriers, too, are being checked as to personal appearance whether courteous to patrons and superior officials, if patrons are satisfied with service, nature of complaints made, equipment carried, if in good repair, if schedule is observed, average time carrier is on duty each day, if the route directory is complete, accurate and neat; if trip reports are kept accurately and entries made each day; if the carrier is absent frequently; if so, for what cause; if there is a suitable substitute available.

NOTICE

Sealed proposals for the construction of sanitary sewers will be received by the city council of the city of Brainerd, Minn., until 8 p. m., Monday, Oct. 24th. The work comprises approximately as follows:

1526 lin. ft. 10-in. vitrified sewer pipe.

5894 lin. ft. 8-in. vitrified sewer pipe.

A certified check for at least 5 per cent of the total bid shall accompany each proposal, made payable to the City Treasurer of Brainerd.

Plans and specifications are on file at the office of the City Engineer, Brainerd.

GEO. W. GREWCOX, City Clerk.

LEVY FOR MAINTENANCE

Nurse Supervising Committee Adopts
Resolution and Transmits Same
to Council

The Nurse Supervising Committee unanimously adopted the following resolution and signed by Mrs. W. H. Jemmill chairman and H. E. Kuntz, treasurer, it was transmitted to the council for their consideration:

Whereas, the public health car used in connection with the work of the City and School Public Health Nurse has now been used successfully almost two years. During this period the need of the car has been demonstrated.

Resolved, therefore, that we respectfully ask the city council and the school board to consider making at this time a levy which will cover the maintenance and purchase of said car in the future, each to bear one-half the cost.

The committee desires to add that the cost of the maintenance of the car for the past 23 months has been the average of \$30.54 per month. Also the committee is about to purchase a new car which will be turned over to the city council and the school board at the proper time.

The council took the matter under advisement.

Birthday Entertainment and Party

Miss Iva Gaskill on her tenth birthday, Oct. 11, 1921, entertained twenty-five of her girl friends at a theatre party, after which they were escorted to her home at 303 North Broadway and enjoyed a delightful hour of music, playing and singing.

At 10:30 hearty birthday greetings were served.

At ten-thirty hearty birthday greetings were extended and Miss Gaskill has voted a very entertaining hostess by all of the little ones present. The hostess was the proud recipient of many pretty as well as useful presents.

"Thank Offering Service"

A "Thank-Offering Service" will be held at the First Congregational church Sunday evening 7:30.

The procession will be held by nine girls, who dressed in costume representing the country whose flag they will bear, will deliver a message to the people.

The collection will count on the proportionment of the church.

Bethlehem Lutheran Ladies Aid

The Ladies Aid of the Bethlehem Lutheran church will have their supper and sale at the church parlors of the Bethlehem Lutheran church, Seventh street tomorrow, Saturday. It will begin at 5 o'clock and continue until all are served. Come and enjoy good supper.

Serene Dignity
Our talents are devoted to the ideal of complete service where a serene dignity presides and where every fitting requirement of the occasion obtains.

BOWLING

is not a spectators game and bowlers are proud of it. Very few people would go across the street to see a public bowling contest. But thousands will travel miles to actually participate in the game. One great lack in our American athletic system is that it is largely 100 per cent onlookers and almost 0 per cent actual participants. But in bowling the 100 per cent are players who get the benefits of the physical exercise and the 0 per cent fans.

The athlete competes and grows stronger; the weakling looks on and grows weaker.

ARMISTICE DAY CELEBRATION PLANS

The meeting of the committee of committees to consider plans for Armistice Day celebration will be held tonight at 7:30 o'clock in the reading rooms of the Chamber of Commerce. Among those who have been appointed delegates are the following:

Chamber of Commerce: Rev. Frederick Errington, Carl Wright.

Florence Rebekah Lodge: Mrs. Frank Russell, Mrs. J. C. Clausen and Mrs. C. A. Nelson.

Rushworth Encampment: J. C. Clausen, Dr. C. A. Nelson and R. L. Elder.

Womens Catholic Order of Foresters: Mrs. J. Kiebler, Mrs. Quinlan and Mrs. DeLamere.

Court of Honor: W. E. Corkrey, John A. Hoffbauer and Mrs. David L. Frayer.

B. P. O. E.: Dr. Conen, J. J. Nolan and B. L. Lagerquist.

Business and Professional Women's Club: Miss Mary Tornstrom, Mrs. Ruth Willer, Irene Turcotte and Georgia Frost.

Order of Eastern Star: Mrs. Edna Peterson, Miss Mae Belle Grewcox, James Crust.

WHITTIER SCHOOL

Parent-Teachers Association Held
First Meeting of School Year
Tuesday Evening

The Parent-Teachers Association of the Whittier School held the first meeting of the school year Tuesday evening, Oct. 11th. It was an interesting meeting and very well attended.

The treasurer's report was read and also reports given by several committees.

New officers for the year were elected: Mrs. Gilbert Luken, president; Miss Louise M. Barrett, vice president; Mrs. Chas. Rice, secretary and Mrs. Mabel Carmichael, treasurer.

Informal discussions were held on beautifying the school grounds, supplying more wash bowls for the school and the purchase of more records for the Victrola.

Supt. W. C. Cobb spoke of the proposed meeting of delegates from all

WHY PAY WAR PRICES?

Detroit Jewel Coal Saver---RANGES and HEATERS
Better, Quicker and Easier Baking, Less Fuel Burned, and the cost Reasonable

The range presented on the left, though not excessively priced, represents the finest that money can buy. There never was a woman yet who owned a "Coal Saver" who could refrain from boasting about the wonderful baking of this remarkable range. The Coal Saver fire back (patented) which produces 100 degrees more heat from the fuel is the reason for the remarkable efficiency of this range.

The "Jewel Hot Blast Heater" meets the popular demand for a strong and sturdy stove to be sold at a moderate price. It is so constructed that it will burn any fuel and give quick and powerful heat.

FACTORY DEMONSTRATION

On October 15th, 17th and 18th we will have with us a factory representative from Detroit Stove Works, manufacturers of the celebrated Jewel Coal Saver Range and hot Blast Heaters. We will have the Coal Savers on our floor at that time and will be prepared to bake in them and explain them in every way. This will be an exceptional opportunity for you to have explained to you, the features of this range and also the heater by a man who thoroughly understands the range and heater in every respect. We will be in a position during these days to make close prices on the ranges and heaters and will also give with every range sold, a 10 piece set of Aluminum, absolutely free. It will be worth your while to take in this demonstration.

We trust we may have the pleasure of welcoming you at our store during these days, the 15th, 17th and 18th of October.

NEW RURAL ROUTE IS APPLIED FOR

To Begin at End of Route No. 3 and
Pass Over the Dykeman Country
and Platte Lake

ENTIRE CIRCLE IS 31 MILES

Postal Inspector in City Thursday Examines Route, Will be No. 6 if Granted

Farmers of the Dykeman and Platte Lake country have made application for a rural route to serve their district and the government had a postal inspector in Brainerd and over the proposed route on Thursday.

The proposed route begins at the end of Route No. 3 and continues thence over Dykeman and Platte Lake country, the entire circle measuring 31 miles. It will serve a prosperous community supplied with well kept roads and will be a much appreciated convenience if granted by the department.

It may take some three months before anything definite is heard from the postal department as to whether the application has been favorably acted on or not.

Brainerd at present has five routes radiating from the local postoffice as follows:

Route No. 1, Thirteenth street serving about 150 people.

Route No. 2, Oak street, serving about 125 people.

Route No. 3, extending south on Sixth street, east past the Echo store farm to South Long lake and serving about 135 people.

Route No. 4, west to Sylvan and South, serving about 95 people.

Route No. 5, Gull Lake, Hubert, Nisswa, etc., serving about 116 people.

Routes Checked Up

The five routes named are being checked up and statistics gained for the benefit of the postal department. This includes length of route, number of families served, number of boxes, is the schedule observed, the best practical and is it satisfactory to patrons, changes recommended, condition of boxes on the routes, any deviations in the route, condition of roads, portions needing repairs, etc.

Checking Carriers

Rural carriers, too, are being checked up as to personal appearance, whether courteous to patrons, any superior officials, if patrons are satisfied with service, nature of complaints made, equipment carried, if in good repair, if schedule is observed, average time carrier is on duty each day, if the route directory is complete, accurate and neat; if the trip reports are kept accurately and entries made each day; if the carrier is absent frequently; if so, for what cause; if there is a suitable substitute available.

NOTICE

Sealed proposals for the construction of sanitary sewers will be received by the city council of the city of Brainerd, Minn., until 5 p. m., Monday, Oct. 24th. The work comprises approximately as follows:

1526 lin. ft. 10-in. vitrified sewer pipe.

5894 lin. ft. 8-in. vitrified sewer pipe.

A certified check for at least 5 per cent of the total bid shall accompany each proposal, made payable to the City Treasurer of Brainerd.

Plans and specifications are on file at the office of the City Engineer, Brainerd.

GEO. W. GREWCOX, City Clerk.

TO SHOW OUR APPRECIATION

On Sunday, October 16, the citizens of Brainerd will be afforded another opportunity of showing their appreciation of men who answered the call of their country and went forth to die in France.

There has been a steady decrease in the number who have attended the funeral services of those who died in France and whose bodies have been returned to this country for burial. This is to be deplored. Are we consistent when we think of bowing our heads in silent tribute to the unknown warrior who is to be buried in Arlington if we have neglected to honor the known warriors who are being interred from time to time at Evergreen?

Whether we personally know or do not know the soldier who is to be buried, or the family of which he was a member ought to have little influence in deciding whether or not we attend these funerals. Whoever the boys may be, they laid down their lives for their country and that in itself is sufficient to decide us to offer our tribute of respect. They gave their last full measure of devotion. Can we do less than pay our last tribute of respect?

It is to be hoped that on Sunday when the bodies of two soldiers are to be buried here the citizens of Brainerd, together with the full personnel of the band and all ex-service men who are in the city, will be present.

Ex-service men and bandmen are expected to meet at the Y. M. C. A. at 1:30 o'clock. Citizens, band and soldiers this is our duty. Let us go.

TREES SHOULD BE TRIMMED

The St. Cloud Journal-Press suggests that a practical way to help a little in providing work for jobless citizens is to have the city's trees trimmed. The advice is good for Brainerd also, though we have few unemployed men here now, or in fact at any time. As a matter of fact, however, there are always some unemployed men in every community, who are idle from choice, or in shifting from one job to another, or from various other causes. The trees in Gregory park need trimming badly, and a great many of the trees on every residence street in the city, indeed, should be trimmed. It would greatly improve the appearance of the trees, and of the streets, and be of much benefit to the trees besides, if they were properly trimmed. When left to grow straggly the effect is one of shiftlessness, while beautiful trees, kept properly trimmed, adorn the streets, and manifest the public spirit and love of beauty of the citizens. Every good citizen, who takes pride in adorning the city in which he makes his home, is concerned in this work. In some cities property owners are required by ordinances to keep their trees properly trimmed.

COX COMING TO LIFE

"Jimmy" Cox, the noisy demagogue who was so terribly beaten as the Democratic candidate for the presidency last year, is showing signs of coming to life. In a message to a Democratic club in Southern California, he says "the Democratic party stands inflexibly for a League of Nations with the United States a part of it." We cannot but admire "Jimmy's" nerve, but it is quite evident, nevertheless, that the League of Nations is not his chance of ever being president of the United States.

As a result of an early rush of receipts, demoralization is reported in the potato market at present. Northern Minnesota growers have been shipping heavily during the last two weeks, and supplies have been larger than the market could absorb, the commission houses say.

Mayor "Larry" Hodgson of St. Paul is talked of as Democratic candidate for Congress in the Third district. "Larry" is a genial gentleman, with hosts of warm personal friends irrespective of politics.

Watch for the Balloons On Saturday, October 22nd They Will Carry a Dozen Prizes

Saturday, October 22nd, we will send up a dozen toy balloons to each one of which will be attached a merchandise certificate worth from \$1.00 to \$5.00.

In addition to this every boy or girl attending the balloon distribution will be given a small balloon.

This will take place in front of our store at 2:30 on Saturday, October 22nd, 1921. Who will capture the balloons with the prizes attached? You may—better come.

Our Fur Coats

We would like you to make a comparison of our fur coats at these unusual prices.

MARMOT COAT, good comfortable coat with self collar and cuffs, an excellent value **\$112.50**

RUSSIAN PONY, made with large raccoon collar and cuffs. A splendid winter coat at **\$129**

MUSKRAT COAT. These coats have been so very satisfactory in every way. Raccoon collar and cuffs..... **\$169**

HUDSON SEAL. Best quality Hudson seal. Very fine martin collar and cuffs. A beautiful garment **\$350**

Our assortments were never better for you to select from. These splendid stocks of best merchandise present an attractive appearance. If you can use none of the bargains offered you will at least find a visit profitable.

Gloves

No matter how elegant the garment, a pair of well selected gloves are necessary to complete the costume. And they are unusually pretty this year.

Winter Silk Gloves

Beautiful qualities of women's extra heavy silk gloves, much wanted for present wear. \$1.65 and \$2.25.

Cape Gauntlet Gloves

The most popular gloves for this year. They are not only beautiful but serviceable. Priced \$5.00 and \$5.39 the pair.

White Kid Gauntlets

A strikingly pretty glove made with colored linings in the gauntlet. You will like them. \$5.39.

Long knit Gloves

These warm qualities so popular with those wanting extreme comfort. \$1.19, \$1.75 and \$2.00 the pair.

Wool Middy Blouses

We believe we have found the prettiest middy blouses made and they will sell at but \$6.75 each.

Low Winter Shoes

These delightfully attractive low shoes demanded by Fashion for those follow style. See them. Dark Brown ball strap brogue calf Oxford, 1-in. heel, welt sole, \$6.39.

TO SHOW OUR APPRECIATION

On Sunday, October 16, the citizens of Brainerd will be afforded another opportunity of showing their appreciation of men who answered the call of their country and went forth to die in France.

There has been a steady decrease in the number who have attended the funeral services of those who died in France and whose bodies have been returned to this country for burial. This is to be deplored. Are we consistent when we think of bowing our heads in silent tribute to the unknown warrior who is to be buried in Arlington if we have neglected to honor the known warriors who are being interred from time to time at Evergreen?

Whether we personally know or do not know the soldier who is to be buried, or the family of which he was a member ought to have little influence in deciding whether or not we attend these funerals. Whoever the boys may be, they laid down their lives for their country and that in itself is sufficient to decide us to offer our tribute of respect. They gave their last full measure of devotion. Can we do less than pay our last tribute of respect?

It is to be hoped that on Sunday when the bodies of two soldiers are to be buried here the citizens of Brainerd, together with the full personnel of the band and all ex-service men who are in the city, will be present.

Ex-service men and bandmen are expected to meet at the Y. M. C. A. at 1:30 o'clock. Citizens, band and soldiers this is our duty. Let us go.

TREES SHOULD BE TRIMMED

The St. Cloud Journal-Press suggests that a practical way to help a little in providing work for jobless citizens is to have the city's trees trimmed. The advice is good for Brainerd also, though we have few unemployed men here now, or in fact at any time. As a matter of fact, however, there are always some unemployed men in every community, who are idle from choice, or in shifting from one job to another, or from various other causes.

The trees in Gregory park need trimming badly, and a great many of the trees on every residence street in the city, indeed, should be trimmed. It would greatly improve the appearance of the trees, and of the streets, and be of much benefit to the trees besides, if they were properly trimmed. When left to grow straggly the effect is one of shiftlessness, while beautiful trees, kept properly trimmed, adorn the streets, and manifest the public spirit and love of beauty of the citizens. Every good citizen, who takes pride in adorning the city in which he makes his home, is concerned in this work. In some cities property owners are required by ordinances to keep their trees properly trimmed.

COX COMING TO LIFE

"Jimmy" Cox, the noisy demagogue who was so terribly beaten as the Democratic candidate for the presidency last year, is showing signs of coming to life. In a message to a Democratic club in Southern California, he says "the Democratic party stands inflexibly for a League of Nations with the United States a part of it." We cannot but admire "Jimmy's" nerve, but it is quite evident, nevertheless, that the League of Nations is not his chance of ever being president of the United States.

As a result of an early rush of receipts, demoralization is reported in the potato market at present. Northern Minnesota growers have been shipping heavily during the last two weeks, and supplies have been larger than the market could absorb, the commission houses say.

Mayor "Larry" Hodgson of St. Paul is talked of as Democratic candidate for Congress in the Third district. "Larry" is a genial gentleman, with hosts of warm personal friends irrespective of politics.

Silk Union Suits \$6.50

Perhaps you want something exceptionally fine; you'll
like these suits.

MAIL RECEPTACLE HOME NUMBER DAY

National Day Instituted, Oct. 19,
When Every City With Delivery
Service Will Take Census

OF HOUSES MINUS EQUIPMENT

Postmaster Will Then Communicate
With Owner to Have House Num-
ber and Mail Receptacle Provided

If expeditious and efficient city de-
livery service is to be accorded it is
essential that all buildings to which
mail is delivered be properly number-
ed and equipped with private mail
receptacles, says a recent postal bul-
letin issued by Postmaster General
Will H. Hays.

Without house numbers carriers
are delay in serving the routes and
errors in delivery unavoidable oc-
cur, especially when substitutes are
on duty. This condition, coupled
with the lack of mail receptacles, in-
evitably impairs efficiency and delays
delivery, without a resultant public
inconvenience and loss.

To correct this evil it has been de-
cided to conduct a nation-wide cam-
paign with a view to having every
building properly numbered and
equipped with a suitable receptacle
or opening in the door.

Preliminary Step

As a preliminary step, on October
19, 1921, the postmaster of every
post office having city or village de-
livery will require his carriers to re-
port the address of every dwelling
and place of business on their routes
not so numbered and equipped.

The postmaster will then commu-
nicate with the owners or occupant,
urging upon them the importance of
providing a proper number or suit-
able receptacle, or both, as the case
may be, if they desire the prompt
and safe delivery of their mail and
wish to cooperate with their govern-
ment in providing a more efficient
and economical mail service. No par-
ticular style or type of receptacle is
required by the department. It may
consist of either a slot in the door, or
a conveniently located box of any
suitable material. House numbers
should of course conform to the sys-

tem and style adopted by the muni-
cipal authorities.

Contractors and builders should be
solicited to aid the movement by
properly numbering all new build-
ings erected by them and providing
mail slots in or near front doors, and
the cooperation of the municipal au-
thorities should be obtained with re-
spect to houses numbers.

House numbers enable carriers to
locate promptly buildings to which
mail is addressed, and avoid errors
and delays in delivery.

Mail receptacles insure the prompt
and safe delivery of mail in the ab-
sence of occupants. Avoid delay of
mail through return to office because
of absence of occupants or delay in
answering carriers' ring. Obviate the
necessity of patrons responding to
the bell at inconvenient moments.
Expedite the service generally, and
permit more prompt deliveries, es-
pecially to patrons residing near the
end of a route. The practice of plac-
ing mail in vestibules, under roofs,
on window sills, etc., where it is ex-
posed to theft and the elements, is
hazardous and frequently results in
the loss of highly valuable or impor-
tant mail.

All business and civic organiza-
tions should extend their hearty co-
operation in this matter.

After all delinquent patrons have
been communicated with the carriers
will report results, and the matter
will be followed up in cases where
either a receptacle or a number has
not been provided.

LLOYD GEORGE WILL MAKE ANNOUNCEMENT NEXT TUESDAY

(By United Press.)

London, Oct. 14.—Premier Lloyd
George intends to make a formal an-
nouncement next Tuesday of his de-
termination to go to Washington for
the opening session of the limitation
of arms conference, it was learned to-
day. It was authoritatively stated
Lloyd George will sail November 5.

Preliminary Step

As a preliminary step, on October 19, 1921, the postmaster of every post office having city or village delivery will require his carriers to report the address of every dwelling and place of business on their routes not so numbered and equipped.

The postmaster will then communicate with the owners or occupants, urging upon them the importance of providing a proper number or suitable receptacle, or both, as the case may be, if they desire the prompt and safe delivery of their mail and wish to cooperate with their government in providing a more efficient and economical mail service. No particular style or type of receptacle is required by the department. It may consist of either a slot in the door, or a conveniently located box of any suitable material. House numbers should of course conform to the system and style adopted by the municipal authorities.

tem and style adopted by the municipal authorities.

Contractors and builders should be solicited to aid the movement by properly numbering all new buildings erected by them and providing mail slots in or near front doors, and the cooperation of the municipal authorities should be obtained with respect to houses numbers.

House numbers enable carriers to locate promptly buildings to which mail is addressed, and avoid errors and delays in delivery.

Mail receptacles insure the prompt and safe delivery of mail in the absence of occupants. Avoid delay of mail through return to office because of absence of occupants or delay in answering carriers' ring. Obviate the necessity of patrons responding to the bell at inconvenient moments. Expedite the service generally, and permit more prompt deliveries, especially to patrons residing near the end of a route. The practice of placing mail in vestibules, under roofs, on window sills, etc., where it is exposed to theft and the elements, is hazardous and frequently results in the loss of highly valuable or important mail.

All business and civic organizations should extend their hearty cooperation in this matter.

After all delinquent patrons have been communicated with the carriers will report results, and the matter will be followed up in cases where either a receptacle or a number has not been provided.

LLOYD GEORGE WILL MAKE ANNOUNCEMENT NEXT TUESDAY

(By United Press.)

London, Oct. 14.—Premier Lloyd George intends to make a formal announcement next Tuesday of his determination to go to Washington for the opening session of the limitation of arms conference, it was learned today. It was authoritatively stated Lloyd George will sail November 5.

SHOAF WEDDING ANNIVERSARY

Committee Appointed to Give Them Reception—History of Crow Wing County Broached

At the Chamber of Commerce regular meeting Wednesday evening three lake resort keepers joined the Chamber, being A. J. Ruttger, Kamberling Brothers and Benjamin Heald.

A communication from the Trades and Labor Assembly requesting the endorsement of Frank McManamy to fill the position of Interstate Commerce Commissioner was read. It was referred to the legislative committee.

Senator Hilding A. Swanson called attention to the coming 50th wedding anniversary celebration of Mr. and Mrs. Thomas Shoaf in Brainerd on November 15. They were the first couple to be married in Crow Wing county. The ceremony performed Nov. 15, 1871, at St. Paul's Episcopal church will be repeated. A committee of five was named to make arrangements for a reception to be given in the Chamber of Commerce rooms for Mr. and Mrs. Shoaf and on the committee are S. R. Adair, O. A. Peterson, Dr. J. A. Thabes, Rev. E. A. Cooke and W. D. McKay.

Senator Swanson also brought up the matter of having a history of Crow Wing county compiled. A committee of three was named to investigate the feasibility of such a course. The committee men are Col. C. D. Johnson, Col. A. J. Hansen and Senator Swanson.

Henry I. Cohen reported for the committee on tower lighting and said the committee had appeared before the city council who agreed to maintain the lights. Mr. Cohen reported that the final arrangements had not been made for having the work done.

The committee on housing asked for more time and were given until next week to complete their report.

The committee in charge of the drinking fountain, Ed Gruenhagen chairman, reported that the water and light board had made a flat rate of \$5 a year for the water used in the fountain; also that the charge of \$15 would be made for installation. It was moved and carried that \$15 be paid as suggested by the committee, which carried.

President D. D. Schrader presided at the meeting which followed immediately at the close of the Chamber supper and speeches made by local men and visiting delegates of the American Sunday School Union.

AMUSEMENTS

Tom Mix Here in His Latest Fox "Western"

Tom Mix is announced by the Lyceum theatre as the attraction at house for tonight and Saturday. He is to appear in his latest Fox picture, a "Western," entitled "The Big Town Round-Up," of which William McLeod Raine, the noted fictionist, is the author.

"THE BIG TOWN ROUND-UP"

WILLIAM FOX PRODUCTION

According to report, Mix has here a story which keeps him at "concert pitch" from start to finish. In fact, it is declared that for speedy and sensational action it never has been surpassed by any photoplay in this lively star's long list of successes. That statement certainly sets a pace calculated to interest anyone who has seen Mix on the screen in a Fox production.

Tonight's Picture at the New Park is Packed With Pep

And talk about speed! From the minute "Pinto" hog-ties a "greaser" after a reckless ride inn the opening

scenes to the time she throws a noose around the hard-boiled neck-band of a social Romeo, drags him up to her window in a classy Long Island mansion and brings him out West where she makes a flannel-shirted cave-man out of him, there's no let up in the action. It's action and more action with every foot of film jam-packed with laughs and unexpected twists.

Wild chases over eastern plains; Pinto's sensational and highly informal introduction to society; a spectacular social fete in which the two-gun whirlwind stages a wild west show that winds up in a riot. These are but a few of the comic high lights that help to make "Pinto" the funniest and most elaborate comedy in which Mabel Normand has ever appeared.

While hilarious comedy is the keynote of "Pinto," the picture is not without its moments of pathos which, instead of detracting from the fun the picture provides, further accentuates the laugh producing episodes.

When "Pinto" reaches her eighteenth birthday, her five "fathers," who adopted her when her parents died, decide that ranch life will never make a "lady" out of her. Their pal, now a member of New York's "400," enthusiastically agrees to give her the necessary "education." Accordingly, "Pinto," accompanied by her "nurse-maid," Looey, bald, fat, and forty, hits the trail for New York and high society.

After many misadventures, "Pinto" arrives at the palatial home of her host and makes a flying, if undignified entrance, and almost causes a riot among the society swells. She goes through some of the funniest stunts imaginable in her efforts to make her wild and woolley feet and eyes behave in society fashion; she gives society a high voltage electric shock with a wild west show that breaks up in a carnival of shooting and a riot call for the police; she exposes the secret love affair of the social-climbing wife of her host and puts a whirlwind finale to her social meanderings by roping a Romeo and taking him back West with her.

As "Pinto" Mabel Normand presents a figure that would wring tears of girth out of a wooden Indian. She's a human dynamo of energy and fun.

MICHAEL COMPANY 17 YEARS OLD

Anniversary of Popular Store to be
Observed on October 15 to 29
with Many Novel Features

COMPANY WAS FOUNDED IN 1904

First Occupied 612 Front Street for
Six Years, Then Removed to
Present Location on 7th St.

On October 17, 1921, the house of
H. F. Michael Company will have at-
tained its seventeenth mile post in its
history of merchandising. The anni-
versary will be observed most suitably
by the popular business corporation in
offering its many patrons a wonderful
supply of seasonable goods at advan-
tageous prices and in addition many
novel features which will create and
sustain interest have been arranged
for the anniversary program, extend-
ing from October 15 to 29.

The growth of the H. F. Michael
Company has been a most satisfactory
one. A glance at the Brainerd Daily
Dispatch files records the advance-
ment of the house. On October 1,
1904 the first advertisement occurred
in the Dispatch. On October 17 the
formal opening was announced as of
October 18, 1904.

First News Announcement
The first news announcement her-
alding the commencement of business
in Brainerd was given by the Dispatch
in the issue of September 16, 1904, as
follows:

"Brainerd is to have a new, up to
date dry goods store. H. F. Michael,
of Duluth, is in the city and has
leased the Grandmeyer store build-
ing on Front street and about Octo-
ber 15 will open with a complete new
line of dry goods, including a suit de-
partment.

"Mr. Michael is making arrange-
ments for fixtures which will be the
finest in the city and will leave in a
day or two for the east to select his
stock."

"Mr. Michael has had wide expe-
rience in the mercantile business,
having spent the past five years in
the best stores in St. Paul and Du-
luth and he is a hustler."

First Advertisement
The first advertisement appeared on
October 1, being 10 inches two col-
umns, and stated as follows:

Just a word. Doubtless you have
heard something about the new dry
goods store that is soon to be opened
in this city. If all plans materialize
the ladies of Brainerd and vicinity
will have the opportunity of purchas-
ing from us soon. We have spent the
last two weeks in the very best mak-
ets, selecting what we believe will
be a stock of dry goods, ladies coats,
suits and furs, such as has never been
seen in this city before.

"Watch this space every day, as it
will contain news that style loving
and economical women will be highly
interested in. Monday's news will be
particularly interesting. H. F. Mi-
chael Co."

Persistent Advertising
From that day on to the present the
H. F. Michael Co. has advertised con-
tinuously in the Dispatch. Never a
day passed but there was a change of
copy for each day's issue.

Growth Compared
The growth of the H. F. Michael Co.
may be compared with the Dispatch.
When the Michael company started,
the floor space measured 25 by 150
feet. In six years larger quarters
were imperatively necessary and the
company removed to the new Beare

block on South Seventh street where
its floor space measures 50 by 100 feet
on the main floor and 50 to 55 in the
basement.

The Dispatch in 1904 was an average
four page, six column paper and the
length of the column measured 20
inches. It was entirely hand set. It
had a front page plate service. On ex-
ceptional days 6 pages were printed.
October 1, 1904, for instance carried
86 inches of local news and editorials,
and 365 inches ads.

Today the Dispatch has linotypes
and is now a seven column issue, six
pages regularly in the Daily and fre-
quently eight. The issue of October
12, 1921, for instance carried 211 in-
ches of local news and editorials, and
714 inches of advertising. The front
page is no plate but United Press news
telephoned in.

Advertising Compared
Whereas the H. F. Michael Company
in 1904 made its first announcement
with a 20 inch advertisement, today's
Dispatch carries an advertisement of
the firm measuring 240 inches.

Congratulations
The Dispatch extends its heartiest
congratulations to the H. F. Michael
company. The head of the corpora-
tion, H. F. Michael, is prominent in
civic and religious life of the city.
His influence is felt in the commercial
world. In religious work he has
achieved prominence as heading one
of the largest Sunday schools in the
Northwest. In civic life he has taken
active interest and is serving with
distinction as an alderman of the
second ward.

MUNICIPAL COURT BUSY

Campaign Against Speeding Bears
Fruit and Five Pay Fines into
Court

Traffic officers are continuing to
keep an eye on Brainerd automobile
drivers and those breaking laws are
promptly summoned to municipal
court to explain to Judge J. H. War-
ner how it happened.

Fined for speeding and assessed
\$10 each were: Henry Brown on
Fifth street North, Albert Schwartz-
kopf on Kindred, Earl Bentley, Ar-
gold Hill and Arthur Lyddon, all on
Oak street. All paid fines except
Lyddon, whose sentence was suspend-
ed.

James Russell created a distur-
bance in a local restaurant and was
fined \$20 which he paid. As enu-
ciated by other judges of the munic-
ipal court, creating disturbances and
disorderly conduct in restaurnts and
hotels will not be tolerated in Brain-
erd.

Boys Missionary Club

The Boys Missionary club of the
Swedish Lutheran church will meet
tonight at 7:45 o'clock at the home
of Bennie Benson on South 5th St.

All the boys who do not know
where Benson's live will please meet
at the church basement at 7:30
sharp.

All members be sure and be at the
meeting tonight and try to have a
new member with you.

BRAINERD VS CROSBY-IRONTON

Rival High School Football Teams to
Clash at Koering Grounds on
October 15th

GAME IS TO BE CALLED AT 3 P. M.

Coaches Rosel and Rock, Former Col-
lege Players, Have Brainerd in
Pink of Condition

(Contributed by W. G.)
Brainerd will trot-out her high
school football team tomorrow to
clash with Crosby-Ironton's high
school eleven as the timekeeper's
watch ticks three. Koering field is
going to rock with the smashing of
the two lines, while the sporting
blood of the city seethes along the
side lines in riotous excitement.

Crosby-Ironton is coming with
great confidence, their highest am-
bition to make Brainerd bite the dust
and square the old score of last year's
overwhelming defeat, while the home
team, after six weeks of strenuous
practice is raring to go, impatient to
share the fruits of their efforts. With-
out a doubt the teams are evenly
matched, both are rivals in every
sense of the word, and both will bat-
tle to the limit for a victory.

Brainerd, this year is, indeed, for-

tunate in having Coach Rosel, who is
being assisted by Mr. Rock, former
football captain of Macalaster. Both
men are well versed in "Football"
having played on college teams; and
we will inform the hemispheres that
they are imparting that knowledge
to the members of the team. Any
one who has watched the boys work
out lately will bear us out in that
statement.

Folks, this is the first game of the
season. Old Brainerd high elicits
the cooperation of the people of
Brainerd and asks that they turn out
to the game. Let's open up the season
with a bang!

Remember the game starts at 3 p.
m. Saturday, October 15th at the
Koering field. Buy your tag tickets
from the student body or at the gate.

CHAIN OF STUDENTS BOOSTS FOOTBALL

A sort of a Vassar daisy chain
without the daisies and six blocks in
length cavorted through Brainerd
business streets after the noon hour
and advertised the coming football
game between Brainerd high and the
Crosby-Ironton high, billed for the
Koering grounds at 3 p. m. Saturday,
October 15.

The girl section was longer than

that of the boys. All the yells in the
category of the Brainerd high school
were given and when they got all
through the business district of
Brainerd was fully alive to the fact
that there's going to be a football
game Saturday and that Brainerd
high expects to win it.

MICHAEL COMPANY 17 YEARS OLD

Anniversary of Popular Store to be
Observed on October 15 to 29
with Many Novel Features

COMPANY WAS FOUNDED IN 1904
First Occupied 612 Front Street for
Six Years, Then Removed to
Present Location on 7th St.

On October 17, 1921, the house of
H. F. Michael Company will have at-
tained its seventeenth mile post in its
history of merchandising. The anni-
versary will be observed most suitably
by the popular business corporation in
offering its many patrons a wonderful
supply of seasonable goods at advan-
tageous prices and in addition many
novel features which will create and
sustain interest have been arranged
for the anniversary program, extend-
ing from October 15 to 29.

The growth of the H. F. Michael
Company has been a most satisfactory
one. A glance at the Brainerd Daily
Dispatch files records the advance-
ment of the house. On October 1,
1904 the first advertisement occurred
in the Dispatch. On October 17 the
formal opening was announced as of
October 18, 1904.

First News Announcement
The first news announcement her-
alding the commencement of business
in Brainerd was given by the Dispatch
in the issue of September 16, 1904, as
follows:

"Brainerd is to have a new, up to
date dry goods store. H. F. Michael,
of Duluth, is in the city and has
leased the Grandmeyer store build-
ing on Front street and about Octo-
ber 15 will open with a complete new
line of dry goods, including a suit de-
partment.

"Mr. Michael is making arrange-
ments for fixtures which will be the
finest in the city and will leave in a
day or two for the east to select his
stock.

"Mr. Michael has had wide experi-
ence in the mercantile business,
having spent the past five years in
the best stores in St. Paul and Du-
luth and he is a hustler."

First Advertisement
The first advertisement appeared on
October 1, being 10 inches two col-
umns, and stated as follows:

Just a word. Doubtless you have
heard something about the new dry
goods store that is soon to be opened
in this city. If all plans materialize
the ladies of Brainerd and vicinity
will have the opportunity of purchas-
ing from us soon. We have spent the
last two weeks in the very best mak-
ets, selecting what we believe will
be a stock of dry goods, ladies coats,
suits and furs, such as has never been
seen in this city before.

"Watch this space every day, as it
will contain news that style loving
and economical women will be highly
interested in. Monday's news will be
particularly interesting. H. F. Mi-
chael Co."

Persistent Advertising
From that day on to the present the
H. F. Michael Co. has advertised con-
tinuously in the Dispatch. Never a
day passed but there was a change of
copy for each day's issue.

Growth Compared
The growth of the H. F. Michael Co.
may be compared with the Dispatch.
When the Michael company started,
the floor space measured 25 by 120
feet. In six years larger quarters
were imperatively necessary and the
company removed to the new Beare

block on South Seventh street where
its floor space measures 50 by 100 feet
on the main floor and 50 to 55 in the
basement.

The Dispatch in 1904 was an average
four page, six column paper and the
length of the column measured 20
inches. It was entirely hand set. It
had a front page plate service. On ex-
ceptional days 6 pages were printed.
October 1, 1904, for instance carried
86 inches of local news and editorials,
and 365 inches ads.

Today the Dispatch has linotypes
and is now a seven column issue, six
pages regularly in the Daily and fre-
quently eight. The issue of October
12, 1921, for instance carried 211 in-
ches of local news and editorials, and
714 inches of advertising. The front
page is no plate but United Press news
telephoned in.

Advertising Compared
Whereas the H. F. Michael Company
in 1904 made its first announcement
with a 20 inch advertisement, today's
Dispatch carries an advertisement of
the firm measuring 240 inches.

Congratulations
The Dispatch extends its heartiest
congratulations to the H. F. Michael
company. The head of the corpora-
tion, H. F. Michael, is prominent in
civic and religious life of the city.
His influence is felt in the commercial
world. In religious work he has
achieved prominence as heading one
of the largest Sunday schools in the
Northwest. In civic life he has taken
active interest and is serving with
distinction as an alderman of the
second ward.

SMALL NATIONS FLOCK TO MEET

THEIR AGENTS ARE CERTAIN TO
BESIEGE THE CONFERENCE
IN WASHINGTON.

STATE DEPARTMENT WARNING

No International Problems to Becloud
Main Issue Will Be Considered, but
Propagandists Will Demand and
Get Publicity.

By EDWARD B. CLARK.

Washington.—Based on information which came from men in touch with the intentions of the various countries of earth, the statement was made six weeks ago that "while the disarmament conference membership will be limited to certain great nations, there will be present outside the conference chamber many pleaders in behalf of countries and half-countries which lie along a line much longer than that which runs from Byzantium to Spain."

Although warned long ago, the administration and the State department are only today taking something like alarmed notice of the intention of every small nation of earth, every half-nation, and every country that wants to be a nation, to have representatives in Washington at the forthcoming disarmament and Far East conference.

Today Washington officialdom is reasserting its determination that there shall be no consideration of any international problems "that may becloud the main issue." Apparently it took the State department a long time to learn of the activities of the agents of small countries who have been working in Washington with a view to securing some kind of a representation in the forthcoming conference, or, failing this, to force the consideration of problems with which the representatives at the conference are supposed to have nothing to do.

Headquarters for Propaganda.

Of course the will of the administration will prevail, and nothing will be taken up at the conference except disarmament and Far East problems, but if the propagandists in behalf of other things are given the news and newspaper opportunities which they seek, the public will be given full information concerning the alleged needs of this land or of that land, the boundary and other troubles of every small state, and a full presentment of the wishes of all the peoples under the sun.

In other words, Washington will be the headquarters during the conference of the propagandists in behalf of countries, races, and very likely religions. The conference will have trouble to keep away from the importunists, and to dodge vocal and printed importunities.

What has the conference to do with such a question as the callipate of Islam? It has nothing to do with it, and yet it is much more than possible that the claims of Emir Feisal, or somebody else, to be this or that among the Moslems, will be injected into the conference proceedings unless the guard at the door neither slumbers nor sleeps.

Washington officials say that disarmament is a huge problem in itself and that the Far East questions form a huge one, and that if the conference should attempt to go beyond these main propositions it never would get through with its work, and if it attempted to settle anything else, it simply would make chaos out of the present condition of near chaos.

The United States has said sharply that it will have nothing to do with certain international problems which other countries are supposed to be looking after through the League of Nations and through certain provisions of the Versailles treaty. If the propagandists who are coming here should succeed in their endeavor to get Uncle Sam into the ring of the international circus, he instantly would find himself in the position of one who had gone back on his pledged intention.

Living Quarters Mostly Taken.

It was said some time ago that if the government officials had kept an eye on the activities of the renting agencies in Washington they would have known that this city in November is to become the temporary home of scores, if not hundreds of men who have no legitimate business with the conference called together for the purpose of discussing two distinctly-stated propositions. It is hard to get a place to live through the winter in Washington today, because of the demand from outside the city and outside of the country for habitations.

When the conference was on at Versailles the side lines were occupied by hundreds of keen observers and zealous propagandists. The Versailles conference took cognizance of scores of things with which the Washington conference will have nothing to do, but from present indications the zealous ones will be here in as large numbers as they were at the place where Louis XIV lived.

At Versailles all the representatives of the smaller countries of the world, whether officially appointed or self-appointed, were looking to Mr. Wilson for salvation, as they called it. It seems today as if what happened in Versailles is to be repeated in Washington, except that President Harding takes the place of former President Wilson as the Moses.

HomeTown Helps

FAIL TO RESPECT PROPERTY

Great Body of Americans Need Education Concerning Proper Usage of Public Places.

The mental make-up of men and women who scatter papers along the highways, who trample down growing crops, who break down farmers' fences, and who are responsible for surrounding our woodland streams with a headwork of tomato cans is quite easy to understand. Such people are merely primitive individualists. They have not yet advanced in civilization to a point where they can visualize the property rights of others.

There is another group of wayfarers which, though allied closely to the first, we both dislike and cannot understand. This is the group which not only scatters refuse over private lands, but also leaves a trail, which he who runs may read, over the land belonging to cities, states and the nation. A public park, whether it be but a triangle of grass at the intersection of three village streets, or a rolling meadow land set down in the

heart of a great city, or a forest reserve of a hundred thousand acres of the national domain, is property to which each and every one of us has an inalienable right. To scatter trash over a bit of green in the heart of a city or to slash off the top of a pine tree in a national park is to damage part of the common land to which every citizen is heir.

We can understand how a man can disregard the rights of a neighbor, but it is not so easy to understand how a man can destroy the beauty of land which is his own and his children's. If we are to continue to build parks in our cities and set aside wildernesses for our recreation, we must also build up, in the mind and heart of every citizen, a spirit of jealousy for the beauty of these green places.

Perhaps the present generation of Americans is already past the cure, but there is another generation of citizens in the making, and, if we are wise, we will do for them what the forestry association has been doing in the city of Washington. If we catch Young America young enough, our parks of tomorrow may be as pop bottleless as the beech-shaded sward of Hampstead Heath.—The Outlook.

We Wouldn't, You May.
At a Chicago clinic the other day, a lad's head was operated on to make him a better boy. "Would you be the gathering a weak-end party?" quires Alice.—Boston Transcript.

Do Something Worth While.
Let all the intervals or void space of time be employed in prayers, reading, meditating, works of nature, recreation, charity, friendliness, neighborliness, and means of spiritual and corporal health. Never walk with any man, or undertake any trifling employment, merely to pass the time away.—Jeremy Taylor.

Telling Age of Mistletoe.

It is a comparatively easy matter to learn the age of growing mistletoe, as each shoot sends off two new shoots each year, and by counting the joints from the root to the tip of any branch the number of years the mistletoe has lived may be computed easily.

President Satisfied With Commission To Fund War Loans

(By United Press)

Washington, Oct. 14.—President Harding has bowed to the will of congress and dropped his fight to have Secretary Mellon of the treasury given all power to fix terms under which \$10,000,000,000 of war loans is to be collected from the allied powers.

Instead, the present let it be known that he will be satisfied if congress passes a bill creating a commission to negotiate terms of payment with the allies.

Play these selections
when you feel blue, tired,
nervous, mean—

Now—at last—you can use the marvelous power of music in a practical way! Noted psychologists have just completed, for Mr. Edison, a two-year research into the effects of music. They discovered that certain selections, when RE-CREATED by the New Edison, the perfect instrumentality of music, actually change people's moods. Some are wonderful for soothing ragged nerves. Others supply more energy. Still others bring cheerfulness. This better, finer kind of music—

Mr. Edison's MOOD MUSIC

is fully explained in a fascinating 32 page book, "Mood Music." Send or bring the coupon at once for your free copy. Look over the lists which the psychologists have prepared. See which selections are recommended for each unpleasant mood. Then read the story of the research, and know what music can be made to do for you.

FOLSOM MUSIC CO.

No charge or obligation.

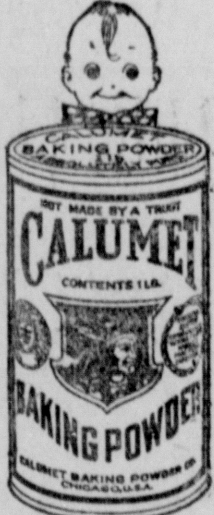

Millions of housewives use Calumet Baking Powder because of its dependability—because when they place their baking in the oven, they know it will "turn out" all right. They are confident of results because they know that no matter what they bake—pies, cakes, biscuits, muffins—the results will be the same—light, perfectly raised, wholesome foods.

CALUMET BAKING POWDER

never disappoints. Don't prepare bakings with expensive ingredients and then have them spoiled because of an inferior leavener.

Have the same assurance that the majority of other housewives have.

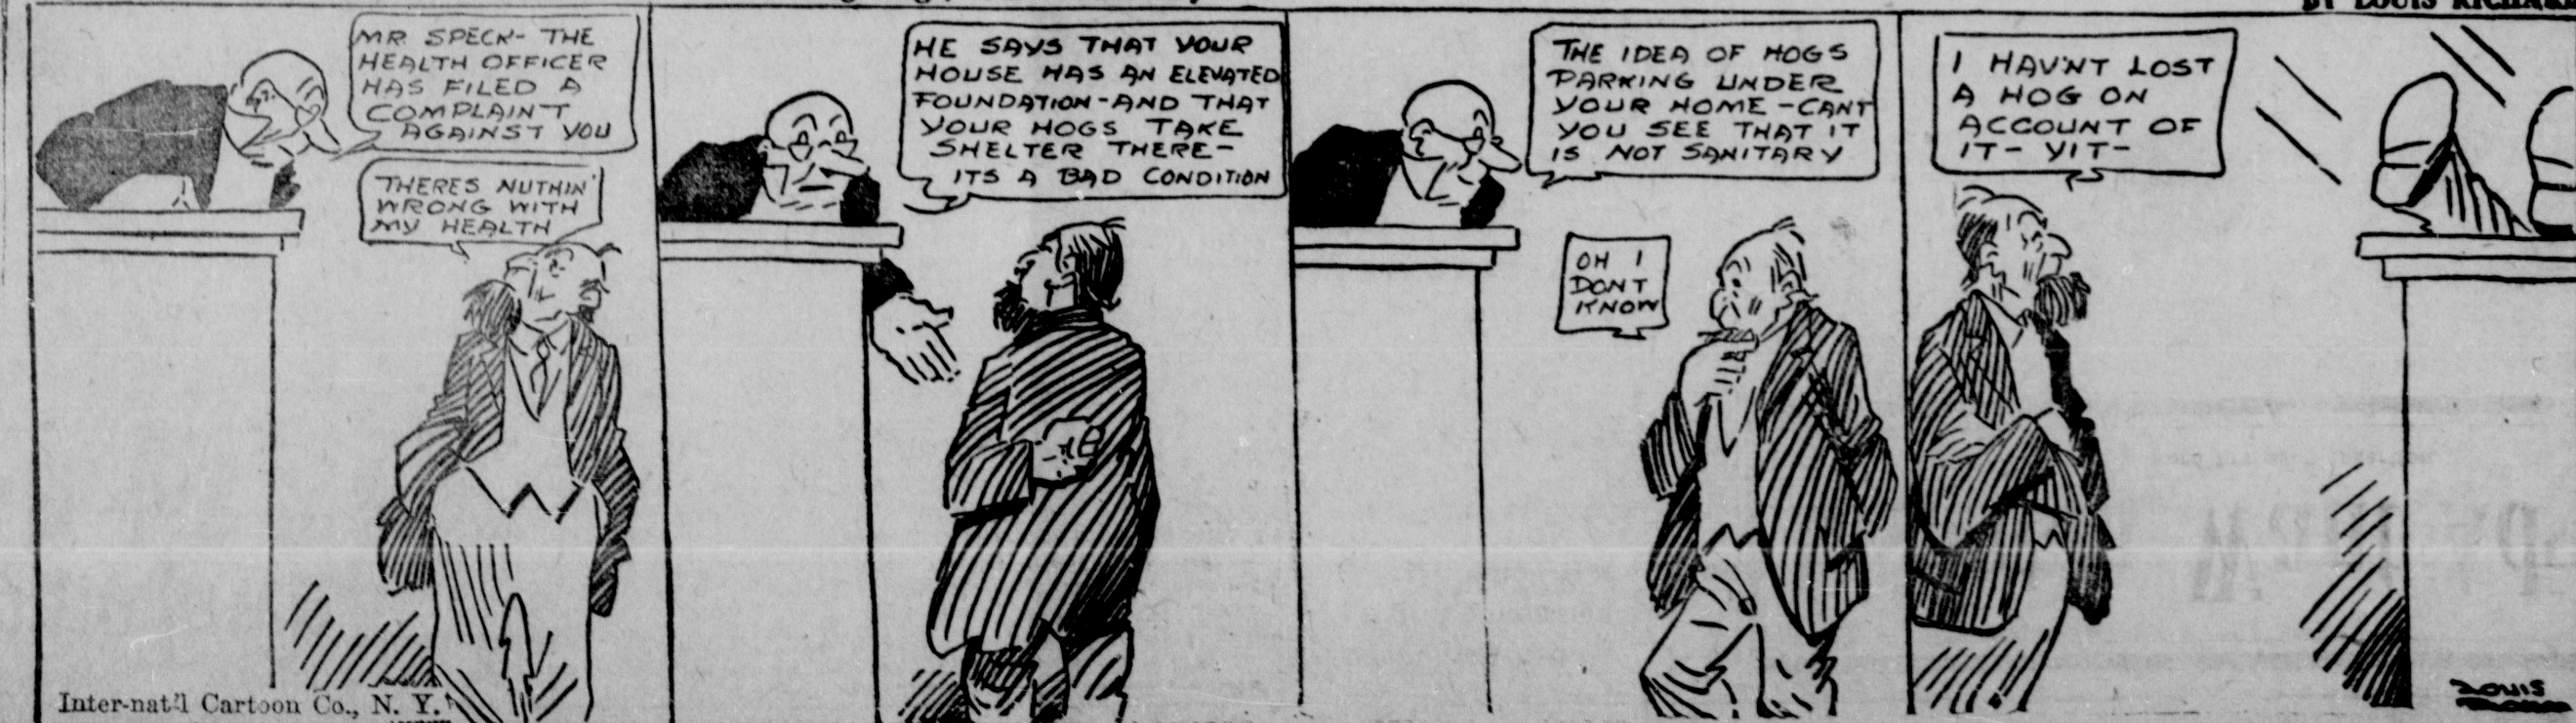

A pound can of Calumet contains full 16 ounces. Some baking powders come in 12 ounce instead of 16 ounce cans. Be sure you get a pound when you want it.

Raising the Family—Poor Gideon is an innocent victim of circumstances.

Books and Friends.

One cannot celebrate books sufficiently. After saying his best, still something better remains to be spoken in their praise. As with friends, one finds new beauties at every interview, and would stay long in the presence of those choice companions. As with friends, he may dispense with a wide acquaintance. Few and choice. The richest minds need not large libraries. That is a good book which is opened with expectation and closed with profit.—A. Bronson Alcott.

Her System.

Young Woman (to librarian)—I do not wish to bother you, but I've forgotten the name of the book I want. If you'll just mention what books you have, I'll stop you when you come to it.—Edinburgh Scotsman.

SMALL NATIONS FLOCK TO MEET

THEIR AGENTS ARE CERTAIN TO BESIEGE THE CONFERENCE IN WASHINGTON.

STATE DEPARTMENT WARNING

No International Problems to Becloud Main Issue Will Be Considered, but Propagandists Will Demand and Get Publicity.

By EDWARD B. CLARK.

Washington.—Based on information which came from men in touch with the intentions of the various countries of earth, the statement was made six weeks ago that "while the disarmament conference membership will be limited to certain great nations, there will be present outside the conference chamber many pleaders in behalf of countries and half-countries which lie along a line much longer than that which runs from Byzantium to Spain."

Although warned long ago, the administration and the State department are only today taking something like alarmed notice of the intention of every small nation of earth, every half-nation, and every country that wants to be a nation, to have representatives in Washington at the forthcoming disarmament and Far East conference.

Today Washington officialdom is reasserting its determination that there shall be no consideration of any international problems "that may becloud the main issue." Apparently it took the State department a long time to learn of the activities of the agents of small countries who have been working in Washington with a view to securing some kind of a representation in the forthcoming conference, or, failing this, to force the consideration of problems with which the representatives at the conference are supposed to have nothing to do.

Headquarters for Propaganda.

Of course the will of the administration will prevail, and nothing will be taken up at the conference except disarmament and Far East problems, but if the propagandists in behalf of other things are given the news and newspaper opportunities which they seek, the public will be given full information concerning the alleged needs of this land or of that land, the boundary and other troubles of every small state, and a full presentment of the wishes of all the peoples under the sun.

In other words, Washington will be the headquarters during the conference of the propagandists in behalf of countries, races, and very likely religions. The conferees will have trouble to keep away from the importunists, and to dodge vocal and printed importunities.

What has the conference to do with such a question as the caliphate of Islam? It has nothing to do with it, and yet it is much more than possible that the claims of Emir Feisal, or somebody else, to be this or that among the Moslems, will be injected into the conference proceedings unless the guard at the door neither slumbers nor sleeps.

Washington officials say that disarmament is a huge problem in itself and that the Far East questions form a huge one, and that if the conference should attempt to go beyond these main propositions it never would get through with its work, and if it attempted to settle anything else, it simply would make chaos out of the present condition of near chaos.

The United States has said sharply that it will have nothing to do with certain international problems which other countries are supposed to be looking after through the League of Nations and through certain provisions of the Versailles treaty. If the propagandists who are coming here should succeed in their endeavor to get Uncle Sam into the ring of the international circus, he instantly would find himself in the position of one who had gone back on his pledged intention.

Living Quarters Mostly Taken.

It was said some time ago that if the government officials had kept an eye on the activities of the renting agencies in Washington they would have known that this city in November is to become the temporary home of scores, if not hundreds of men who have no legitimate business with conferees called together for the purpose of discussing two distinctly stated propositions. It is hard to get a place to live through the winter in Washington today, because of the demand from outside the city and outside of the country for habitations.

When the conference was on at Versailles the side lines were occupied by hundreds of keen observers and zealous propagandists. The Versailles conference took cognizance of scores of things with which the Washington conference will have nothing to do, but from present indications the zealous ones will be here in as large numbers as they were at the place where Louis XIV lived.

At Versailles all the representatives of the smaller countries of the world, whether officially appointed or self-appointed, were looking to Mr. Wilson for salvation, as they called it. It seems today as if what happened in Versailles is to be repeated in Washington, except that President Harding takes the place of former President Wilson as the Moses.

Home Town Helps

FAIL TO RESPECT PROPERTY

Great Body of Americans Need Education Concerning Proper Usage of Public Places.

The mental make-up of men and women who scatter papers along the highroads, who trample down growing crops, who break down farmers' fences, and who are responsible for surrounding our woodland streams with a headwork of tomato cans is quite easy to understand. Such people are merely primitive individualists. They have not yet advanced in civilization to a point where they can visualize the property rights of others.

There is another group of wayfarers which, though allied closely to the first, we both dislike and cannot understand. This is the group which not only scatters refuse over private lands, but also leaves a trail, which he who runs may read, over the land belonging to cities, states and the nation. A public park, whether it be but a triangle of grass at the intersection of three village streets, or a rolling meadow land set down in the

heart of a great city, or a forest reserve of a hundred thousand acres of the national domain, is property to which each and every one of us has an inalienable right. To scatter trash over a bit of green in the heart of a city or to slash off the top of a pine tree in a national park is to damage part of the common land to which every citizen is heir.

We can understand how a man can disregard the rights of a neighbor, but it is not so easy to understand how a man can destroy the beauty of land which is his own and his children's. If we are to continue to build parks in our cities and set aside wildernesses for our recreation, we must also build up, in the mind and heart of every citizen, a spirit of jealousy for the beauty of these green places.

Perhaps the present generation of Americans is already past the cure, but there is another generation of citizens in the making, and, if we are wise, we will do for them what the forestry association has been doing in the city of Washington. If we catch Young America young enough, our parks of tomorrow may be as pop bottleless as the beech-shaded award of Hampstead Heath.—The Outlook.

We Wouldn't, You May.

At a Chicago club the other day, a man's head was operated on to make him a better boy. "Would you care to gather a weak-end party?" quires Alice.—Boston Transcript

Do Something Worth While.

Let all the intervals or void space of time be employed in prayers, reading, meditating, works of nature, recreation, charity, friendliness neighborliness, and means of spiritual and corporal health. Never walk with any man, or undertake any trifling employment, merely to pass the time away.—Jeremy Taylor.

President Satisfied With Commission To Fund War Loans

(By United Press)

Washington, Oct. 14.—President Harding has bowed to the will of congress and dropped his fight to have Secretary Mellon of the treasury given all power to fix terms under which \$10,000,000,000 of war loans is to be collected from the allied powers.

Instead, the present let it be known that he will be satisfied if congress passes a bill creating a commission to negotiate terms of payment with the allies.

No Disappointments

Millions of housewives use Calumet Baking Powder because of its dependability—because when they place their baking in the oven, they know it will "turn out" all right. They are confident of results because they know that no matter what they bake—pies, cakes, biscuits, muffins—the results will be the same—light, perfectly raised, wholesome foods.

To bring you peace of mind
To make you joyous

Play these selections

when you feel blue, tired, nervous, mean—

Now—at last—you can use the marvelous power of music in a practical way. Noted psychologists have just completed, for Mr. Edison, a two-year research into the effects of music. They discovered that certain selections, when RE-CREATED by the New Edison, the perfect instrumentality of music, actually change people's moods. Some are wonderful for soothing ragged nerves. Others supply more energy. Still others bring cheerfulness. This better, finer kind of music—

Mr. Edison's MOOD MUSIC

is fully explained in a fascinating 32 page book, "Mood Music."

Send or bring the coupon at once for your free copy. Look over the lists which the psychologists have prepared. See which selections are recommended for each unpleasant mood. Then read the story of the research, and know what music can be made to do for you.
